### And What Have You

By BOB CRAIG

It should have been with a sigh of relief that area taxpayers read that the School District would be able to keep the same tax rate for the coming year as it had last year. In years past it would have taken a tax cut to equal the same sense of relief but with the increased cost of everything just holding your own is quite an accomplishment.

Both the school board and the school administrators should be commended for holding the line on spending without cutting back too much on services. Of course, the increased oil values made the big difference in meeting the needs of the school for the coming year. But even with the increased values it has taken good management to hold the line on increased costs.

It would appear that except for areas with great amounts of oil property, most schools are increasing taxes anywhere from 10 to 20 percent just to meet the increasing costs.

Just this week I noticed in the Slaton Slatonite that their school district is going to finish out the year with a \$40,000 debt and is expecting to go another \$13,000 in debt next year after a 10 cent tax increase.

While our lawmakers are hard at work in Austin spending bunches of that money trying to come up with a new state constitution (that the voters are more than likely to reject), I thought that you might be interested in a constitution drawn up by Lynn Ashby of the Houston Post.

With the exception of a few "whereas" paragraphs to get the thing started here is his constitution:

**BE IT RESOLVED:** That one taxpayer — remembering how a Dallas man, his teenaged son and a friend one afternoon worked out a state redistricting plan which was accepted by the court, showing that if you want something done right, you'd better do it yourself — has drawn up his own state constitution, thereby saving the state several more months of utter confusion, log rolling, in-fighting and a couple of million dollars. To wit:

**ARTICLE I:** The head of the state government shall be the Governor, who shall be paid as much as the lobbyist for the oil and gas industry, if the state can afford it.

**ARTICLE II:** The second banana shall be the Lieutenant Governor who shall be paid as much as a good assistant football coach at UT. The Lt. Gov. shall run the state legislature in an honest, open manner. If not, he shall be promoted to Governor of Guam.

**ARTICLE III:** The Legislature shall be unicameral, one body, of 100 members elected one-man-one-vote. Boundaries for each district must be clear, concise and make sense. Cases of overt gerrymandering shall be referred directly to a grand jury.

**ARTICLE IV:** The Legislature shall meet for six months every other year. If that's not enough time, tough. At each session, the lawmakers shall work studiously and honestly to make Texas the best state in the union. Any deviation from this, such as voting for an absent colleague, taking bribes, heavy absenteeism or general incompetence, is cause to be put on the Gulf Freeway at 5:30 p.m. and forced to Drive Friendly.

**ARTICLE V:** Legislators shall be paid what they are worth. In some instances, this shall mean a giant rebate to the state. Living expenses shall be \$10 a day, if they return the empties.

**ARTICLE VI:** Lobbyists shall be kept in Dalhart and sent for when requested. Lobbyists shall briefly

### Summer Rec Program Now Underway

The summer recreation program for youth through junior high school age is in the second week under the direction of Miss Mary Esco.

Arts, crafts, games and recreation are planned for the 52 registered. Assisting Miss Esco are Kathy Hooper, Suellen Waggoner and Elise Kelley.

### Jim Arnold Speaks At Ag Meeting

Jim Arnold of the Spur experiment station presented the program for the Hamlin Ag Club Monday evening at the High School.

Advantages and disadvantages of confinement systems of a cow-calf operation were given. Slides of the dry-lot method at the experiment station were shown.

The next meeting will be July 15 when an outdoor cookout is planned. All members and their wives are urged to attend.

### Jackson Gets 20-Year Pin

Delton Jackson of the Texas High Department has received a pin and certificate of appreciation for 20 years of service to the Department. These were received with a letter from J. C. Roberts, district supervisor of the department.

Jackson started work here June 2, 1954, under the late J. C. Richey. After his death, Nelson Shave was named resident engineer. When Shave was transferred to Abilene, Charles Westbrook was named resident engineer.

The Youth of Central Baptist Church will sponsor a bake sale Saturday beginning at 8:30 a.m. at Thrif-Tee.

## City Seeks Approval For Flood Insurance

The Hamlin City Council voted Monday night to adopt the necessary resolutions needed for the city to become eligible for National Flood Insurance under the Flood Disaster Protection Act of 1973.

When approved by the Department of Housing and Urban Development, homeowners within the designated flood prone areas within the city will be eligible for flood insurance under Federal auspices. Flood insurance has previously

been unavailable from private insurers.

All communities where special flood hazard areas have been formally identified must be actively participating in the program by June 30, 1975, or else no Federal financial assistance will be available within these areas. This includes loans or grants, and no mortgage loans from Federally insured or regulated banks or savings and loan associations.

After a community begins participating in the flood insurance program, flood

insurance policies may be purchased from any property and casualty insurance agent licensed to do business within the State. Insurance, at subsidized premium rates, will be available for up to \$17,500.

The areas within the city that will come under the program are still to be determined.

The council also heard a request from Howard Bruton to build a private hanger at the City Airport. Bruton also urged the council to stop trucks from using paved streets within the city and asked the city to fill the dips on West Lake Drive.

He told the council that he is presently keeping his airplane at the Stamford airport but would like permission to build a hanger here. The council took his requests under advisement.

Following the appearance of Don Elmore and Earl Pritchard before the council the group voted to delay making any changes in servicing the Shell Water line north of the city for another month. The council had previously voted to require a master meter on the line by July 1.

### Teachers Attend CVAE Workshop

Hamlin junior and senior high school teachers attending the CVAE academic teacher workshop June 10-14 in Odessa were Mrs. Frank Codington, Mrs. L. C. Brown, Mrs. Warren Sharp and Mrs. Bill Shira.

Each received a certificate showing completion of 40 hours of advanced in-service instruction in CVAE Academic Teacher Education.

The school was funded by the department of Occupational Education and Technology and the Texas Education Agency. It was sponsored by the EPD Consortium D with Dr. Billy N. Pope as coordinator.

Program personalities were Mrs. Marilyn Monger of Richardson, Mrs. Frances Renfro of San Angelo, Mike Owen of Nacogdoches, Mrs. Barbara Sykes of Dallas and Dr. James Neatherlin of Mt. Pleasant.

### Herald Sets Vacation Schedule

Vacation schedule for the Hamlin Herald has been announced by Publisher Bob Craig.

The Herald office will be closed for the fourth of July holiday and will open on July 15. The July 5-12 closing will allow all employees vacation time.

The paper for the first week in July will be published early and readers will have their papers on July 3. The deadline for news and advertising for this paper will be at noon Monday, July 1.

## Mullins, Ledbetter Vows Read Sunday

Rhonda Mullins and Claude Ledbetter were married Sunday afternoon in the Church of the Nazarene. The pastor, the Rev. Marshall Stewart, officiated.

Parents of the couple are Mr. and Mrs. Richard Mullins and Mr. and Mrs. Charles Ledbetter.

Mrs. Charles Ledbetter was soloist and Mrs. Larry Farnsworth was organist. Mrs. Bob Hunter of Lubbock, cousin of the bride, played the trumpet for the processional. She was accompanied by Mrs. Lynn Mink, pianist.

Matrons of honor were Mrs. Bobby Crowley, aunt of the bride, and Mrs. Mike Brown. Bridesmaids were Anita Ledbetter, sister of the bridegroom, and Mrs. Hunter. Reeta Ree Crowley, cousin of the bride, was junior bridesmaid.

Lyn Burkhardt of Kansas was best man. Groomsmen were Cary Burkhardt of Kansas, Charles Ledbetter, Merle Ledbetter and Jimmy Ledbetter, all brothers of the bridegroom.

Keith Jackson and Bob Ledbetter of Abilene were ushers.

The bride, presented in

marriage by her father, wore a gown of bridal satin and Chantilly lace designed with a high stand up collar, a midriff band at the waist, long full lace sleeves scalloped at the edges and long full skirt scalloped at the hemline. Her train of satin was appliqued with lace flowers and seed pearls. Her veil of illusion bound with satin fell from a headpiece of satin roses and organza. She carried a bouquet of shasta daisies and yellow rosebuds.

Attendants wore yellow and blue dotted swiss gowns made with high waistline and fitted bodice accented with lace edging. Their headpieces were similar to that of the bride. Each carried a yellow rose.

The reception was held in the church annex hosted by the bride's parents.

The couple's wedding trip was to Colorado Springs, Colo., where they will reside.

The bride is a 1974 graduate of Hamlin High School. She was employed by Winn's Store prior to her marriage.

The bridegroom, a 1973 Hamlin graduate, attended Mid-America Nazarene College, Olathe, Kans.

FROM THE FILES . . .

FIFTY YEARS AGO  
(June 20, 1924)

A certain reader of the Herald has taken a special delight in the number of new modern farm homes that have been built this year, around Hamlin. He makes the point that every new and modern farm home built is a mark of prosperity and permanency and a recommendation to the value of lands about this dandy good city. Among the number of recently built homes may be mentioned that of J. R. Bull, who has just completed a six room bungalow on his farm three miles southeast of town. Then there is a new home for J. F. Tidwell now under construction, just out of town to the south. J. F. is improving his nice farm, now since he has proved that he can raise fine hogs and alfalfa. Many have seen the Bud Ferguson bungalow, only two miles south of Hamlin. Bud has a modern home out there, with all the conveniences just like it was in town. Another nice section of land, that of Harris Feagan's has recently received an up-to-date modern dwelling. Out on the Plasterco road, R. A. Crockett has built a good new home. Bob is expecting a hard surface road to come by that home some of these days and here's hoping he'll get it. Sometime in the winter, T. B. Middleton lost his home by fire and now he has one of the prettiest modern homes on the road between Hamlin and Anson. Down on the Staton lands can be seen a number of new dwellings that lend a feeling of comfort. There is nothing the farmers need more than modern, substantial residences, and as time goes on the farm home is getting many of the city conveniences.

TWENTY YEARS AGO  
(June 18, 1954)

Weldon Johnson, president-elect of Hamlin Rotary Club, and family returned Sunday from a two-week tour of the Northwest that carried them into Canada on the Pacific coast.

Highlight of the trip, of course, was their attendance at the annual Rotary International convention held at Seattle, Washington.

Johnson will take the presidency of the local club at the beginning of the new fiscal year on July 1.

Wholesale warehouse of the Texas Company, near the Katy Railway depot in North Hamlin, was burglarized Wednesday night, Police Chief J. H. Foster reported Thursday morning. He and Sheriff Dave Reves of Anson investigated, but said no tangible evidence or clue was secured.

O. D. Roland, Texaco agent, reported probably 10 cases of oil was taken. Tracks of a car, probably a pick-up, were found near the scene of the warehouse.

Employment of a city dog catcher was announced Wednesday by Mayor Willard Jones, who said the stray dog problem that has been hanging fire for several years seems close to solution. The program should be in operation about the middle of July, Jones declared.

An ordinance regulating the roaming of dogs in the city limits is being formulated. Stray dogs, even though they carry tags, will be picked up and placed in a city pound. Owners may redeem their dogs within 72 hours upon payment of a \$2 fee. Dogs not called for within that time will be disposed of or sold.

The dog pound will be operated by a caretaker of the City Park in Southwest Hamlin, city officials declare.

Program to Save Energy

Elkhart, Indiana—(HK)—In the midst of the energy crisis, many segments of American business are making strong efforts to conserve the nation's energy and natural resources.

The energy conservation efforts of one company here, will save the equivalent of 360,000 gallons of oil and reduce the company's energy costs by at least \$50,000 during a five-month test period.

As part of Miles Laboratories Inc.'s continuing program to save energy and natural resources, the company's Energy Conservation Committee has decided that all thermostats in buildings,

except certain specified production and laboratory areas, will be set no lower than 75 degrees when cooling is required.

Central air conditioning units will be in operation

from about 7 a.m. to 7 p.m. Monday through Friday. Air conditioners will not operate on weekends or holidays.

Miles Laboratories Inc., is the largest single employer in Elkhart, with approximately 2,600 people working at company headquarters and manufacturing facilities where Alka-Seltzer, One-A-Day vitamins, critic acids, Ames instruments and other health-care products are made.

TEN YEARS AGO  
(June 18, 1964)

The first two performances of the Hamlin Amateur Rodeo were well attended after the show finally got underway here Monday evening. The show originally scheduled for June 11, 12, 13, was postponed because of rains on each of the days which totaled 2.43 inches.

Sunshine Monday and Tuesday was a welcome sight to the contestants and members of the Hamlin Riding Club, sponsors of the annual event.

The downtown parade at 4 p.m. Monday started the festivities. The riding clubs taking part in the parade were given trophies following the grand entry Monday evening. First place trophy was presented to the Stonewall County Sheriff's Posse, second to the Stonewall Junior Posse and third place went to the local club.

Nancy Ford, daughter of Mr. and Mrs. H. L. Ford, and Mary Lois Patterson, daughter of Mr. and Mrs. LaFoy Patterson, are in Austin this week to attend Girl's State on the campus of the Texas School for the Blind. The girls, both seniors this fall, are sponsored by the American Legion Auxiliary of Sylvester and the Hamlin Rotary and Lions Clubs.

The meeting is held June 17 through June 26.

DOING A . . .

MAN SIZED JOB

Heat . . . sweat . . . fatigue . . . blisters . . . aches . . . Dad says its all a part of "carrying my share of the load." He also says that, "it's important that I help make provisions for the present and near future." But he says "that it is even more important because I am preparing for the days ahead when I am a full grown man." Sometimes I think that my Dad has the wisdom of Solomon, that's this king that I learned about at church . . . and that's another thing that Dad says is important . . . "that I go to church regularly, so that I can learn about God, and prepare my spiritual life for the future, too." You know . . . Dad must think it's important . . . He goes to church, too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Fort Griffin Fandangle Season to Open June 20

As the 1974 Fandangle season opens in Albany, preparations for the six performances (June 20-22 and 27-29) are in full swing and rehearsals are scheduled nightly at the Prairie Theatre. Signs and street decorations have come out of storage, the traditional longhorn steer heads are appearing up and down Albany's main street and the Fandangle feeling is pervading the town as the busiest time of the year approaches.

The Prairie Theatre is being landscaped and a committee is pruning and weeding the mesquite and cactus, taking care to retain the natural beauty of the setting. The Longhorn cattle which appear in the show are being readied for the trip from the Fort Griffin State Park to the Theatre, and the buffalo for the trip from the

Matthews Ranch. Wagons, buggies, the stagecoach, and train are being overhauled, after winter storage; the calliope is being tuned for the first performance.

Each year people look forward to old familiar numbers but there are always new songs and sets. Several of the new songs for the 1974 show were composed by Bill Overton, drama director at Cooper High in Abilene and Fandangle co-director with Alice Reynolds and Marge Bray.

The Fandangle office is receiving ticket orders steadily, many from large groups and tours. Included are the Wingfield Roadrunners, Wichita Falls YWCA, and Holliday Senior Citizens. Tickets may be purchased from the Fandangle Office in Albany, Texas 76430. Good tickets are still available but should be ordered as soon as possible.

The price for the opening night, June 20th, are reduced to \$5.00, \$3.50, \$3.00, and \$1.50. Prices for the other nights are \$6.00, \$4.00, \$3.50, and \$2.00. There will be a parade on Thursday, June 27th, at 5:00 P.M., which should be quite good this year, as we are celebrating our county's centennial.

## Services Held In Borger for B. H. Winters

Services for Buford H. Winters, 53, of Borger were held there May 20. Mr. Winters, an electrician for Phillips Petroleum Company was killed May 17 in an accident near the plant welding shop.

He was born in Hamlin and moved to Borger in 1945 when he joined Phillips Petroleum Co. He was employed at Plains Butadiene Plant west of Borger. A company spokesman said he was electrocuted when he apparently came in contact with a hot wire carrying 2,400 volts of electricity while on a pole near the shop and disconnecting some wires.

Survivors include his wife, the former Joyce Miller, daughter of Mr. and Mrs. Jess Miller of Hamlin; one son, Danny Cole, and one daughter, Mrs. Sherry McLaughlin, both of North Hollywood, Calif.; his parents, Mr. and Mrs. H. H. Winters of Borger, two brothers, J. C. of Phillips and Don of Fritch, and one granddaughter.

## Services Held Tuesday for Frank Lafler

Frank John Lafler, 70, a retired oil pumper, died at his home, 37 S. W. Ave. E. Sunday after an extended illness.

Services were held at 2 p.m. Tuesday at Calvary Baptist Church with the pastor, the Rev. Walter Hickman, officiating.

Born Jan. 12, 1904, in New York, he was the son of the late Mr. and Mrs. William Lafler. He married Mattie Hayes in Arkansas Mar. 17, 1929. She died in 1970.

He was a member of Calvary Baptist Church. Burial was in Hamlin East Cemetery under the direction of McCoy Funeral Home.

Survivors include four sons, James of Snyder, Floyd of Shreveport, La., Bill of Hondo and Robert of Hamlin; one daughter, Mrs. R. O. White of Russellville, Ark.; one brother, Edward Keller of Lakewood, N. Y.; three sisters, Mrs. Pauline Ford of Euless, Mrs. Bertha Hamilton of Clarksville, Ark., and Mrs. Vernie Day of Batavia, N. Y.; and 16 grandchildren.

Pallbearers were Skipper Smith, Raymond Scifres, Ralph Hallum, Bill Moore, Jerry Pritchard and Bill Thompson.

## REDDY'S VACATION TIPS

## Clip and save this vacation checklist.

- ☐ **REFRIGERATOR OR FREEZER:** Change thermostat control to slightly warmer (or "Vacation") setting according to the manufacturer's recommendations.
- ☐ **DISHWASHER:** Make sure it's empty. Shut the door, but do not latch.
- ☐ **DISPOSER:** Run and flush with cold water.
- ☐ **ELECTRIC RANGE:** Make sure all switches are in the "Off" position.
- ☐ **WASHERS:** Turn off water supply at faucets.
- ☐ **WATER HEATER (ELECTRIC):** Turn off at circuit breaker panel. When you return, run a small amount of water from a hot water faucet to make sure there is water in the tank before you turn the circuit on.
- ☐ **TRASH COMPACTOR:** Remove any accumulated trash.
- ☐ **TELEVISION SETS:** Unplug from electric outlet and disconnect the antenna lead-in cable.
- ☐ **CLOCK RADIOS, ETC.:** Check these and all other items with automatic "On-Off" controls. Disconnect the ones that won't be needed.
- ☐ **LIGHTING:** Be sure that all lights are off except those needed for security, such as: 1) yard light and/or other exterior lighting with automatic controls — on at dusk, off at dawn; 2) portable lamp in living area with automatic control; 3) hall or bathroom light.
- ☐ **AIR CONDITIONING:** Normally, air conditioning should be turned off completely while on summer vacation. However, if there is anything in your home that might suffer heat damage, the thermostat setting could be raised 5 to 10 degrees above normal operation and the unit left on. For comfort, you might have a friend or neighbor turn on the unit the day of your return.

# Heinda Philosopher Starts to Worry About Un-Filled Seats In Congress

Editor's note: The Heinda Philosopher on his Johnson grass farm on Route One encounters a problem which he soon abandons.

Editor: I makes you stop and think. Twenty-eight congressmen, according to

an article I read in a newspaper last night, are quitting Congress this year. That's right. Twenty-eight are just not going to run again, not counting 13 others who're going to run for something else.

Some of the 28 are quitting because of old age and a satisfactory pension but a lot

of them, including some young ones, are quitting because they just don't like the job, and I got to wondering: what if the trend continues? What if Congress convenes next January for a new session and discovers half the seats are empty? What kind of a country would we have if we couldn't get a quorum to serve in Congress? It's like asking what kind of a university could you have if nobody came out for the football team?

Now I can understand why a man maybe wouldn't want to serve in Congress and risk ruining his reputation when he could stay at home and probably never get caught, but somebody's got to do it. You can't have un-passed legislation piling up in Washington any more than you can un-collected trash in a city. Of course some will argue the two aren't parallel, that at least a city does have a place to bury its trash but when Congress passes a law it spreads all over the country.

However the more I contemplated the problem the more I concluded it's like most problems — more awful in contemplation than in reality. I have a notion a swarm of candidates will be contesting for those 28 vacated Congressional seats and when the roll is called in January 28 new faces will show up.

As I have long contended, there never was a man some woman wouldn't marry or an office somebody wouldn't run for.

Yours faithfully,  
J. A.

Visiting in the home of Mrs. Mary Hollis and Debra were Mr. and Mrs. Dub Hollis and Karen of Sherman and also Mr. and Mrs. Sammy Rackley, John and DeAnn of Hamlin.

Mr. and Mrs. Jose Mario Franco are parents of a girl, Santa Griceida, 8 lbs. 8 oz., born at 2:25 a.m. June 15.

## NEWS FROM McCAULLEY

By MRS. FRED KEMP

David Riggs and Aletta Hawthorne are helping get the school buildings ready for use next year. Coach Long is building an office in the east end of the Home Economics building for the Tax Collector, Mrs. Dennis. I am sure this new office will give tax-payers more privacy than the old office in the gymnasium.

Mrs. Buddy Gibson is in Stamford Memorial Hospital where she underwent major surgery last week.

Mr. and Mrs. Gene Stephenson and children are on a trip to Corpus Christi. They will probably come home by way of Houston and visit Mr. and Mrs. Don Alexander and children who have moved to Houston recently from Breckenridge. Mrs. Alexander (Martha) is the daughter of the Bill Youngs of this community.

The Martin Deckers are home after visiting George and Jane and families in East Texas last week. They brought a grandson, Marty Thomas, back to spend the summer. George's daughter is having surgery next week for a congenital kidney ailment.

Anyone interested in contributing to the Love Offering for James Harvison may get in touch with Mrs. Vada Potts. Mr. Harvison has been moved from the Callan Hospital in Rotan to the home of his daughter Mrs. Rebecca Sanford of Waco. Mr. Harvison is gravely ill with a throat and lung condition.

Mrs. Eula McHone recently attended graduation exercises at Duncanville High School where her granddaughter, Cathy Maberry, was granted her diploma. She told me Phillip Maberry received a bachelor's degree from East Texas State at Commerce this spring. Phillip and Cathy are the children of Mr. and Mrs. J. W. Maberry, formerly of the McCauley Community.

Derrell Pippin is working for the Gypsum Plant in Sweetwater.

Jeffrey Green spent the

weekend with the Marion Reeds. Jeffrey's mother, Linda, was released from Hendrick Memorial Hospital, Abilene, Monday morning after undergoing surgery there last week. Mrs. Thomas is visiting Linda this week.

Mr. and Mrs. Clyde Minshew have a visitor this week, Virginia Pehkonen from Ft. Worth. Mrs. Minshew's granddaughter, her grandson, Mark Pehkonen, is making wedding plans for the near future.

Jerry and Carolyn Jeffrey returned Saturday from a business trip to St. Louis. Mo. Shiela, James, Daren and Ryan stayed with their grandparents, Mr. and Mrs. Truett Jeffrey, while they were away.

## Youth Choir Takes Part In Festival

The youth choir of First Baptist Church recently participated in the Alpha Festival at Glorieta Baptist Conference Center in Glorieta, N. M.

Two festivals were held with 40 church choirs competing in the identical three-day festivals.

Members making the tour were Luann Shira, Dana Wright, Sue Sellers, Elaine Carlton, Jan Ford, Cindy White, Vickie Ponder, Lisa Howard, Cheryl Lewis, Tracy Asher, Kyle Jackson, Keith Jackson, Steve Evans, Terry Mink, Allen Young, Paul Reynolds, Luke Reynolds and Director Lynn Mink.

Others making the trip were Mr. and Mrs. Delton Jackson, Mrs. Rex Reynolds, Mrs. Charles Evans, Mrs. Bill Shira, Mrs. Mink, Sheri and Gary Mink.

## Bridge Club Honors Life Master Here

The Hamlin Duplicate Bridge Club met Tuesday evening in a special meeting at which Mrs. Preston Morrow of Rotan was honored for achieving Life Master recently. The club recognized Mrs. Morrow with an engraved pen.

Winning first overall and also first North-South were Mrs. Reid Inglesbee and Gladys Crump, both of Abilene. Second place went to Jo Smith and Bob Preston, both of Abilene. Mrs. Preston Morrow of Rotan, and Dale Lain won third place; and Mrs. Floyd Briscoe and Mrs. W. O. Wilbanks took fourth place.

East-West winners were Mrs. Carl Shouls of Abilene and Mrs. B. F. Ware of Crane. Mrs. Ray Sonnenburg and Preston Morrow of Rotan won second while Kathy Parker and Jerry Crooker, both of Abilene, took third. Fourth place went to Helen Vidrine and Pate Willingham, both of Abilene.

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

It should have been with a sigh of relief that area taxpayers read that the School District would be able to keep the same tax rate for the coming year as it had last year. In years past it would have taken a tax cut to equal the same sense of relief but with the increased cost of everything just holding your own is quite an accomplishment.

Both the school board and the school administrators should be commended for holding the line on spending without cutting back too much on services. Of course, the increased oil values made the big difference in meeting the needs of the school for the coming year. But even with the increased values it has taken good management to hold the line on increased costs.

It would appear that except for areas with great amounts of oil property, most schools are increasing taxes anywhere from 10 to 20 percent just to meet the increasing costs.

Just this week I noticed in the Slaton Slatonite that their school district is going to finish out the year with a \$40,000 debt and is expecting to go another \$13,000 in debt next year after a 10 cent tax increase.

While our lawmakers are hard at work in Austin spending bunches of that money trying to come up with a new state constitution (that the voters are more than likely to reject), I thought that you might be interested in a constitution drawn up by Lynn Ashby of the Houston Post.

With the exception of a few "whereas" paragraphs to get the thing started here is his constitution:

**BE IT RESOLVED:** That one taxpayer — remembering how a Dallas man, his teenaged son and a friend one afternoon worked out a state redistricting plan which was accepted by the court, showing that if you want something done right, you'd better do it yourself — has drawn up his own state constitution, thereby saving the state several more months of utter confusion, log rolling, in-fighting and a couple of million dollars. To wit:

**ARTICLE I:** The head of the state government shall be the Governor, who shall be paid as much as the lobbyist for the oil and gas industry, if the state can afford it.

**ARTICLE II:** The second banana shall be the Lieutenant Governor who shall be paid as much as a good assistant football coach at UT. The Lt. Gov. shall run the state legislature in an honest, open manner. If not, he shall be promoted to Governor of Guam.

**ARTICLE III:** The Legislature shall be unicameral, one body, of 100 members elected one-man-one-vote. Boundaries for each district must be clear, concise and make sense. Cases of overt gerrymandering shall be referred directly to a grand jury.

**ARTICLE IV:** The Legislature shall meet for six months every other year. If that's not enough time, tough. At each session, the lawmakers shall work studiously and honestly to make Texas the best state in the union. Any deviation from this, such as voting for an absent colleague, taking bribes, heavy absenteeism or general incompetence, is cause to be put on the Gulf Freeway at 5:30 p.m. and forced to Drive Friendly.

**ARTICLE V:** Legislators shall be paid what they are worth. In some instances, this shall mean a giant rebate to the state. Living expenses shall be \$10 a day, if they return the empties.

**ARTICLE VI:** Lobbyists shall be kept in Dalhart and sent for when requested. Lobbyists shall briefly

**AT OPEN HOUSE**—In the children's kitchen playroom of the Hamlin Child Day Care Center, members of the board and the director, Mrs. Bobby Crowley, right, show Mrs. Brady Ganson, second from right, director of the Abilene Day Care Center, the kitchen appliances and furniture built by the Hamlin FFA members. Mrs. L. C. Bonds, left, is secretary of the board and Milburn Wink is president. Wink is also vocational agriculture teacher who supervised the 42 students in making the furniture.

**OPENING DAY**—Workers and children shown during play time opening day Monday at the Hamlin Child Day Care Center are from left, Mrs. Mike Brown, Ricky Vickers, son of Mrs. Debra Vickers, Bobby Burleson, and Sarah Brown, daughter of Mr. and Mrs. Mike Brown. The center at 13 North Central is in the building formerly used by McCoy Funeral Home. Facilities for 35 children are found in the building which has four rooms for the three age levels, utility room, office, kitchen and three bathrooms.

## City Seeks Approval For Flood Insurance

The Hamlin City Council voted Monday night to adopt the necessary resolutions needed for the city to become eligible for National Flood Insurance under the Flood Disaster Protection Act of 1973.

When approved by the Department of Housing and Urban Development, homeowners within the designated flood prone areas within the city will be eligible for flood insurance under Federal auspices. Flood insurance has previously

been unavailable from private insurers.

All communities where special flood hazard areas have been formally identified must be actively participating in the program by June 30, 1975, or else no Federal financial assistance will be available within these areas. This includes loans or grants, and no mortgage loans from Federally insured or regulated banks or savings and loan associations.

After a community begins participating in the flood insurance program, flood

insurance policies may be purchased from any property and casualty insurance agent licensed to do business within the State. Insurance, at subsidized premium rates, will be available for up to \$17,500.

The areas within the city that will come under the program are still to be determined.

The council also heard a request from Howard Bruton to build a private hanger at the City Airport. Bruton also urged the council to stop trucks from using paved streets within the city and asked the city to fill the dips on West Lake Drive.

He told the council that he is presently keeping his airplane at the Stamford airport but would like permission to build a hanger here. The council took his requests under advisement.

Following the appearance of Don Elmore and Earl Pritchard before the council the group voted to delay making any changes in servicing the Shell Water line north of the city for another month. The council had previously voted to require a master meter on the line by July 1.

## Teachers Attend CVAE Workshop

Hamlin junior and senior high school teachers attending the CVAE academic teacher workshop June 10-14 in Odessa were Mrs. Frank Codington, Mrs. L. C. Brown, Mrs. Warren Sharp and Mrs. Bill Shira.

Each received a certificate showing completion of 40 hours of advanced in-service instruction in CVAE Academic Teacher Education.

The school was funded by the department of Occupational Education and Technology and the Texas Education Agency. It was sponsored by the EPD Consortium D with Dr. Billy N. Pope as coordinator. Program personalities were Mrs. Marilyn Monger of Richardson, Mrs. Frances Renfro of San Angelo, Mike Owen of Nacogdoches, Mrs. Barbara Sykes of Dallas and Dr. James Neatherlin of Mt. Pleasant.

## Child Day Care Center Holds Open House Here

The Open House at Hamlin Child Day Care Center was well attended Sunday afternoon from 3:30 to 5.

Guests were shown through the building by members of the board of directors, Milburn Wink, president; Mrs. L. C. Bonds, secretary; Mrs. Joe Wayne Carter, treasurer; Mary Esco and Bob Craig, directors and Center director, Mrs. Bobby Crowley. Other members of the board are Joe Cortez, vice president; Mrs. Erma Wallace and John Watts, directors.

Located at 13 North Central, the facility is equipped to handle 35 children. Mrs. Crowley is assisted by personnel hired through the

Manpower program funded by the federal government. Mrs. Mike Brown and Bobby Burleson. Volunteer workers will also be needed.

The Center opened Monday with seven children registered. More are being registered during the week.

Three age levels from babies to school age will be accommodated at the Center. Price is \$17.50 per child per week and is open to all children. Part-time care is available. The children receive the noon meal and two snacks.

Welfare recipients and potential welfare children are eligible to have 70 percent of the cost paid by government funds. The mother must be employed or seeking employment, however, to qualify for aid.

## Boll Weevil Office Opens

The Jones County Bollweevil office in Anson opened Monday, June 17 to take sign-up for the early season cotton insect control program, according to word this week from President Tommy Brown. The office will be open for one month and will be under the supervision of Mrs. Peggy Probst of Anson.

State funds will be available again on a matching fund basis, according to Brown.

The office is located on North Commercial Street just one block north of the County Courthouse in Anson, and will be open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

## Jim Arnold Speaks At Ag Meeting

Jim Arnold of the Spur experiment station presented the program for the Hamlin Ag Club Monday evening at the High School.

Advantages and disadvantages on confinement systems of a cow-calf operation were given. Slides of the dry-lot method at the experiment station were shown.

The next meeting will be July 15 when an outdoor cookout is planned. All members and their wives are urged to attend.

## Jackson Gets 20-Year Pin

Delton Jackson of the Texas High Department has received a pin and certificate of appreciation for 20 years of service to the Department. These were received with a letter from J. C. Roberts, district supervisor of the department.

Jackson started work here June 2, 1954, under the late J. C. Richey. After his death, Nelson Shave was named resident engineer. When Shave was transferred to Abilene, Charles Westbrook was named resident engineer.

The Youth of Central Baptist Church will sponsor a bake sale Saturday beginning at 8:30 a.m. at Thrif-Tee.

## Newberry, Lockhoof Win Championship Flight Here

Van Newberry of Sweetwater and Reed Lockhoof of Austin held on to their first round lead to win the Hamlin County Club Partnership golf tournament here Sunday.

Newberry and Lockhoof shot 67 Saturday and took the title with 65 Sunday. They finished three strokes ahead of Tim Stuerzenberger and Tommy Springer, both of Abilene.

Jim Inzer of San Angelo and Gary Smith took the first flight trophy with 143.

Results of the weekend tournament:

# FROM THE FILES . . .

FIFTY YEARS AGO  
(June 20, 1924)

A certain reader of the Herald has taken a special delight in the number of new modern farm homes that have been built this year, around Hamlin. He makes the point that every new and modern farm home built is a mark of prosperity and permanency and a recommendation to the value of lands about this dandy good city. Among the number of recently built homes may be mentioned that of J. R. Bull, who has just completed a six room bungalow on his farm three miles southeast of town. Then there is a new home for J. F. Tidwell now under construction, just out of town to the south. J. F. is improving his nice farm, now since he has proved that he can raise fine hogs and alfalfa. Many have seen the Bud Ferguson bungalow, only two miles south of Hamlin. Bud has a modern home out there, with all the conveniences just like it was in town. Another nice section of land, that of Harris Feagan's has recently received an up-to-date modern dwelling. Out on the Plasterco road, R. A. Crockett has built a good new home. Bob is expecting a hard surface road to come by that home some of these days and here's hoping he'll get it. Sometime in the winter, T. B. Middleton lost his home by fire and now he has one of the prettiest modern homes on the road between Hamlin and Anson. Down on the Staton lands can be seen a number of new dwellings that lend a feeling of comfort. There is nothing the farmers need more than modern, substantial residences, and as time goes on the farm home is getting many of the city conveniences.

TWENTY YEARS AGO  
(June 18, 1954)

Weldon Johnson, president-elect of Hamlin Rotary Club, and family returned Sunday from a two-week tour of the Northwest that carried them into Canada on the Pacific coast.

Highlight of the trip, of course, was their attendance at the annual Rotary International convention held at Seattle, Washington.

Johnson will take the presidency of the local club at the beginning of the new fiscal year on July 1.

Wholesale warehouse of the Texas Company, near the Katy Railway depot in North Hamlin, was burglarized Wednesday night, Police Chief J. H. Foster reported Thursday morning. He and Sheriff Dave Reves of Anson investigated, but said no tangible evidence or clue was secured.

O. D. Roland, Texaco agent, reported probably 10 cases of oil was taken. Tracks of a car, probably a pick-up, were found near the scene of the warehouse.

Employment of a city dog catcher was announced Wednesday by Mayor Willard Jones, who said the stray dog problem that has been hanging fire for several years seems close to solution. The program should be in operation about the middle of July, Jones declared.

An ordinance regulating the roaming of dogs in the city limits is being formulated. Stray dogs, even though they carry tags, will be picked up and placed in a city pound. Owners may redeem their dogs within 72 hours upon payment of a \$2 fee. Dogs not called for within that time will be disposed of or sold.

The dog pound will be operated by a caretaker of the City Park in Southwest Hamlin, city officials declare.

TEN YEARS AGO  
(June 18, 1964)

The first two performances of the Hamlin Amateur Rodeo were well attended after the show finally got underway here Monday evening. The show originally scheduled for June 11, 12, 13, was postponed because of rains on each of the days which totaled 2.43 inches.

Sunshine Monday and Tuesday was a welcome sight to the contestants and members of the Hamlin Riding Club, sponsors of the annual event.

The downtown parade at 4 p.m. Monday started the festivities. The riding clubs taking part in the parade were given trophies following the grand entry Monday evening. First place trophy was presented to the Stonewall County Sheriff's Posse, second to the Stonewall Junior Posse and third place went to the local club.

Nancy Ford, daughter of Mr. and Mrs. H. L. Ford, and Mary Lois Patterson, daughter of Mr. and Mrs. LaFoy Patterson, are in Austin this week to attend Girl's State on the campus of the Texas School for the Blind. The girls, both seniors this fall, are sponsored by the American Legion Auxiliary of Sylvester and the Hamlin Rotary and Lions Clubs.

The meeting is held June 17 through June 26.

ARTICLE VII: Taxes shall be banned forever in Texas. However, fines shall be slapped on litterbugs, drunk drivers, people who show porno movies, people who close porno movies, junk mail, phone callers trying to sell me property on Beautiful Lake Livingston, readers of Griff and the Unicorn, polluters and Waco.

ARTICLE VIII: The Texas Good Roads Association shall be in charge of cleaning up Texas' good roads every Monday morning.

ARTICLE IX: Crime shall be outlawed in Texas.

ARTICLE X: In view of Article IX, perhaps the Legislature only needs to meet every three years. Out of state.

ARTICLE XI: Texas shall have schools. They will be good schools. See the good schools? See. See. See. Good.

ARTICLE XII: Political campaigns shall be limited to the two months prior to the election. After each election, the losers must take down all campaign signs and the winners must live up to their promises. One-hundred-dollar-a-plate campaign dinners shall be encouraged, even though some voters wouldn't go if the candidate offered them \$300.

ARTICLE XIII: Texans shall cast intelligent votes in each election, based on a thorough knowledge of the issues, candidates, campaign donors and past histories. Since this shall abolish Texas government as we know it today, another Constitutional Convention shall be convened next year.

There, that does it. A brand new constitution. That'll be \$1.25. Plus mileage.

## Program to Save Energy

Elkhart, Indiana—(HK)—In the midst of the energy crisis, many segments of American business are making strong efforts to conserve the nation's energy and natural resources.

The energy conservation efforts of one company here, will save the equivalent of 360,000 gallons of oil and reduce the company's energy costs by at least \$50,000 during a five-month test period.

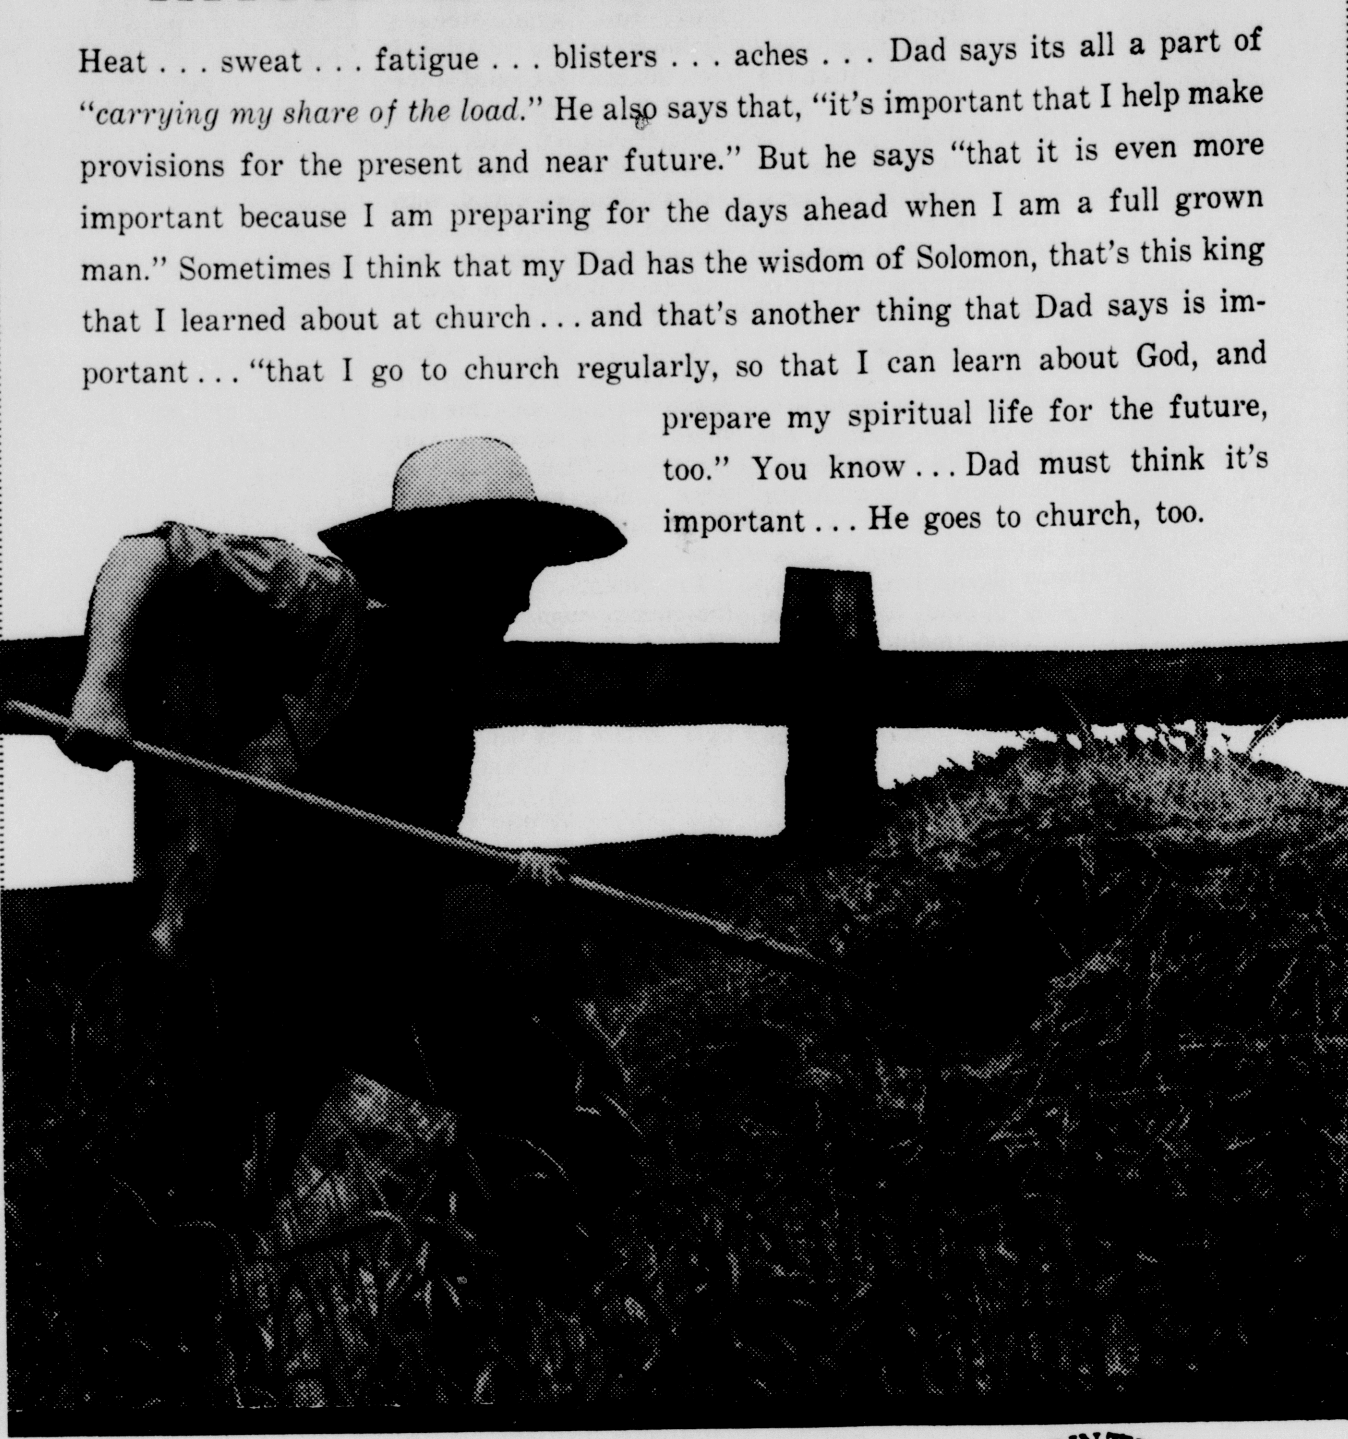

As part of Miles Laboratories Inc.'s continuing program to save energy and natural resources, the company's Energy Conservation Committee has decided that all thermostats in buildings, except certain specified production and laboratory areas, will be set no lower than 75 degrees when cooling is required.

Central air conditioning units will be in operation from about 7 a.m. to 7 p.m. Monday through Friday. Air conditioners will not operate on weekends or holidays.

Miles Laboratories Inc., is the largest single employer in Elkhart, with approximately 2,600 people working at company headquarters and manufacturing facilities where Alka-Seltzer, One-A-Day vitamins, critic acids, Ames instruments and other health-care products are made.

DOING A . . .

MAN SIZED JOB

Heat . . . sweat . . . fatigue . . . blisters . . . aches . . . Dad says its all a part of "carrying my share of the load." He also says that, "it's important that I help make provisions for the present and near future." But he says "that it is even more important because I am preparing for the days ahead when I am a full grown man." Sometimes I think that my Dad has the wisdom of Solomon, that's this king that I learned about at church . . . and that's another thing that Dad says is important . . . "that I go to church regularly, so that I can learn about God, and prepare my spiritual life for the future, too." You know . . . Dad must think it's important . . . He goes to church, too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Screwworm infestation Agent Urges Treatment Grub Control In Cattle

## Reported On Increase

AUSTIN--There were 590 confirmed screwworm infestations in Texas during May, an increase of 414 over the previous month, Agriculture Commissioner John C. White reported recently.

Most of the cases were in South Texas, though smaller numbers were reported in the Coastal Bend and the Hill Country.

Webb County reported 81 cases, the highest in the state. Nueces and Aransas were the only South Texas counties without a confirmed case in May.

The U.S. Department of Agriculture's Screwworm Eradication Program in Mission estimated that 75 percent of the 8,913 screwworm cases in Texas last year were in South Texas. Eighty to 90 percent of these were from tick-readied bites in the ears of cattle.

According to entomologists, the tick is already appearing in extraordinarily large numbers and heavier infestations are expected in July and August.

Ticks feed on the ears of large animals and drop to the ground, leaving a large wound ready for the screwworm fly. The best protection to slow or stop tick and screwworm injury is to spray or dip regularly.

Smears applied directly to the ears are also helpful.

Female screwworm flies deposit their eggs on the edges of wounds. Emerging larvae enter the wound to feed on live flesh, often creating illness and, in the case of cattle, lowering beef quality.

Sterile screwworm flies are released in the area of known infestations. The female screwworm fly mates only once in her short lifetime. If she mates with a sterile male, any eggs she produces will not hatch, thus ending the life cycle.

White recommended that cattle owners examine their cattle more closely. He emphasized the importance of controlling the pest for health purposes and to maintain the high quality of Texas beef.

Personnel of the Screwworm Eradication Program urged that samples from the center of every larvae-infected wound be submitted to their headquarters, P.O. Box 969, Mission, Tex. 78572.

Larvae should be removed from the wound and killed. Those dropped on the ground alive pupate and continue their life cycle, infesting new animals within three weeks.

Cattlemen who are faced with grub infestations in their stock ought to be considering control measures now, according to County Extension Agent Kirby Clayton.

In the Rolling Plains region, says Clayton, heel flies have laid their eggs on cattle and the grub larvae have penetrated the skin, beginning their migration through the body. Since these larvae are more effectively controlled when they are small, cattlemen should be stepping up their treatments now.

Cattle grubs damage the animals in a number of ways, Clayton says. Cattle infested with grubs may produce less milk which in turn results in less weight gain of calves. The affected animals are more restless and excitable, generally causing a breakdown in the normal health of the cattle. Grubs usually reach the back of the animal in late summer, fall or winter, forming breathing hooles through the skin and developing a "Cyst" just under the skin. This penetration damages the hide and depreciates the value of the animal on the market.

Although cattle grubs can be killed after they reach the animal's back, Clayton adds, earlier control is best, particularly in beef cattle.

Systemic insecticides, he recommends, which are administered as sprays, dips, pour-ons or fed or mineral additives, are distributed through the animal's body by the circulatory system, destroying the grubs by contact action.

Grubicides suggested for control are coumaphos (Coral), curfomate (Ruelene),

prolate, trichlorfon (Neguvon), famphur (Warbex), Fenthion (Tiguvon) and ronnel. All of these grubicides are animal systemics, Clayton recommends.

Treating for grub control and drenching the animals should not be done on the same day, he emphasizes. Sick animals or those under stress should not be treated.

The label on treatment containers should be checked carefully before application for instructions on treating various cattle breeds. Precautions and directions should be adhered to strictly.

Clayton says that information on grub control is available at the County Extension Agent's office.

### Watermelon Weather Hits Texas

AUSTIN--Thump. Thump. Thump.

It's watermelon pickin' and eatin' time in Texas, and, as any old-timer will tell you, a good thump is one way to find the best melon in the lot.

According to Agriculture Commissioner John C. White, however, there are other -- and possibly better -- ways to judge a ripe, juicy melon.

"The best one is to cut a plug so the meat can be seen and tasted," White said. "But your neighborhood grocer or supermarket manager may not understand when you start cutting away at his melons before you buy. So here are a few other tips to go by."

Though nothing offers proof positive, several outward signs are a guide to ripeness and quality. These include a firm, symmetrical shape, fresh attractive appearance and good color. Color will vary from a deep solid green to gray, depending on the variety.

Mature melons have a velvety bloom or dull rather than shiny surface. The underside is yellowish.

White noted that Texas is first in the nation in watermelon production. This year, however, the yield is expected to be down because planting dropped 10,000

acres and the growing season was dry. Growers expect quality to be high.

Though recent predictions indicated melons will be smaller and prices higher this

season, the crop has not been as good. Cattleman Grays and Strips, or Jubilee from South Texas have been in the 16-28 pound range

# Fort Griffin Fandangle

## Season to Open June 20

As the 1974 Fandangle season opens in Albany, preparations for the six performances (June 20-22 and 27-29) are in full swing and rehearsals are scheduled nightly at the Prairie Theatre. Signs and street decorations have come out of storage, the traditional longhorn steer heads are appearing up and down Albany's main street and the Fandangle feeling is pervading the town as the busiest time of the year approaches. The Prairie Theatre is being landscaped and a committee is pruning and weeding the mesquite and cactus, taking care to retain the natural beauty of the setting. The Longhorn cattle which appear in the show are being readied for the trip from the Fort Griffin State Park to the Theatre, and the buffalo for the trip from the Matthews Ranch. Wagons, buggies, the stagecoach, and train are being overhauled, after winter storage; the callopie is being tuned for the first performance. Each year people look forward to old familiar numbers but there are always new songs and sets. Several of the new songs for the 1974 show were composed by Bill Overton, drama director at Cooper High in Abilene and Fandangle co-director with Alice Reynolds and Marge Bray. The Fandangle office is receiving ticket orders steadily, many from large groups and tours. Included are the Wingfield Road-runners, Wichita Falls YWCA, and Holliday Senior Citizens. Tickets may be purchased from the Fandangle Office in Albany, Texas 76430. Good tickets are still available but should be ordered as soon as possible. The price for the opening night, June 20th, are reduced to \$5.00, \$3.50, \$3.00, and \$1.50. Prices for the other nights are \$6.00, \$4.00, \$3.50, and \$2.00. There will be a parade on Thursday, June 27th, at 5:00 P.M., which should be quite good this year, as we are celebrating our county's centennial.

### Services Held In Borger for B. H. Winters

Services for Buford H. Winters, 53, of Borger were held there May 20. Mr. Winters, an electrician for Phillips Petroleum Company was killed May 17 in an accident near the plant welding shop. He was born in Hamlin and moved to Borger in 1945 when he joined Phillips Petroleum Co. He was employed at Plains Butadiene Plant west of Borger. A company spokesman said he was electrocuted when he apparently came in contact with a hot wire carrying 2,400 volts of electricity while on a pole near the shop and disconnecting some wires. Survivors include his wife, the former Joyce Miller, daughter of Mr. and Mrs. Jess Miller of Hamlin; one son, Danny Cole, and one daughter, Mrs. Sherry McLaughlin, both of North Hollywood, Calif.; his parents, Mr. and Mrs. H. H. Winters of Borger, two brothers, J. C. of Phillips and Don of Fritch, and one granddaughter.

### REDDY'S VACATION TIPS

### Clip and save this vacation checklist.

- ☐ **REFRIGERATOR OR FREEZER:** Change thermostat control to slightly warmer (or "Vacation") setting according to the manufacturer's recommendations.
- ☐ **DISHWASHER:** Make sure it's empty. Shut the door, but do not latch.
- ☐ **DISPOSER:** Run and flush with cold water.
- ☐ **ELECTRIC RANGE:** Make sure all switches are in the "Off" position.
- ☐ **WASHERS:** Turn off water supply at faucets.
- ☐ **WATER HEATER (ELECTRIC):** Turn off at circuit breaker panel. When you return, run a small amount of water from a hot water faucet to make sure there is water in the tank before you turn the circuit on.
- ☐ **TRASH COMPACTOR:** Remove any accumulated trash.
- ☐ **TELEVISION SETS:** Unplug from electric outlet and disconnect the antenna lead-in cable.
- ☐ **CLOCK RADIOS, ETC.:** Check these and all other items with automatic "On-Off" controls. Disconnect the ones that won't be needed.
- ☐ **LIGHTING:** Be sure that all lights are off except those needed for security, such as: 1) yard light and/or other exterior lighting with automatic controls — on at dusk, off at dawn; 2) portable lamp in living area with automatic control; 3) hall or bathroom light.
- ☐ **AIR CONDITIONING:** Normally, air conditioning should be turned off completely while on summer vacation. However, if there is anything in your home that might suffer heat damage, the thermostat setting could be raised 5 to 10 degrees above normal operation and the unit left on. For comfort, you might have a friend or neighbor turn on the unit the day of your return.

# Heinda Philosopher Starts to Worry About Un-Filled Seats In Congress

Editor's note: The Heinda Philosopher on his Johnson grass farm on Route One encounters a problem which he soon abandons.

Dear editor:

It makes you stop and think. Twenty-eight congressmen, according to an article I read in a newspaper last night, are quitting Congress this year.

That's right. Twenty-eight are just not going to run again, not counting 13 others who're going to run for something else.

Some of the 28 are quitting because of old age and a satisfactory pension but a lot

of them, including some young ones, are quitting because they just don't like the job, and I got to wondering: what if the trend continues? What if Congress convenes next January for a new session and discovers half the seats are empty? What kind of a country would we have if we couldn't get a quorum to serve in Congress? It's like asking what kind of a university could you have if nobody came out for the football team?

Now I can understand why a man maybe wouldn't want to serve in Congress and risk ruining his reputation when he could stay at home and probably never get caught, but somebody's got to do it. You can't have un-passed legislation piling up in Washington any more than you can un-collected trash in a city. Of course some will argue the two aren't parallel, that at least a city does have a place to bury its trash but when Congress passes a law it spreads all over the country.

However the more I contemplated the problem the more I concluded it's like most problems — more awful in contemplation than in reality. I have a notion a swarm of candidates will be contesting for those 28 vacated Congressional seats and when the roll is called in January 28 new faces will show up.

As I have long contended, there never was a man some woman wouldn't marry or an office somebody wouldn't run for.

Yours faithfully,  
J. A.

## NEWS FROM McCAULLEY

By MRS. FRED KEMP

David Riggs and Aletta Hawthorne are helping get the school buildings ready for use next year. Coach Long is building an office in the east end of the Home Economics building for the Tax Collector, Mrs. Dennis. I am sure this new office will give tax-payers more privacy than the old office in the gymnasium.

Mrs. Buddy Gibson is in Stamford Memorial Hospital where she underwent major surgery last week.

Mr. and Mrs. Gene Stephenson and children are on a trip to Corpus Christi. They will probably come home by way of Houston and visit Mr. and Mrs. Don Alexander and children who have moved to Houston recently from Breckenridge. Mrs. Alexander (Martha) is the daughter of the Bill Youngs of this community.

The Martin Deckers are home after visiting George and Jane and families in East Texas last week. They brought a grandson, Marty Thomas, back to spend the summer. George's daughter is having surgery next week for a congenital kidney ailment.

Anyone interested in contributing to the Love Offering for James Harvison may get in touch with Mrs. Vada Potts. Mr. Harvison has been moved from the Callan Hospital in Rotan to the home of his daughter Mrs. Rebecca Sanford of Waco. Mr. Harvison is gravely ill with a throat and lung condition.

Mrs. Eula McHone recently attended graduation exercises at Duncanville High School where her granddaughter, Cathy Maberry, was granted her diploma. She told me Phillip Maberry received a bachelor's degree from East Texas State at Commerce this spring. Phillip and Cathy are the children of Mr. and Mrs. J. W. Maberry, formerly of the McCauley Community.

Derrell Pippin is working for the Gypsum Plant in Sweetwater.

Jeffrey Green spent the

weekend with the Marion Reeds. Jeffrey's mother, Linda, was released from Hendrick Memorial Hospital, Abilene, Monday morning after undergoing surgery there last week. Mrs. Thomas is visiting Linda this week.

Mr. and Mrs. Clyde Minshew have a visitor this week, Virginia Pehkonen from Ft. Worth. Mrs. Minshew's granddaughter, Her grandson, Mark Pehkonen, is making wedding plans for the near future.

Jerry and Carolyn Jeffrey returned Saturday from a business trip to St. Louis, Mo. Shiela, James, Daren and Ryan stayed with their grandparents, Mr. and Mrs. Truett Jeffrey, while they were away.

## Youth Choir Takes Part In Festival

The youth choir of First Baptist Church recently participated in the Alpha Festival at Glorieta Baptist Conference Center in Glorieta, N. M.

Two festivals were held with 40 church choirs competing in the identical three-day festivals.

Members making the tour were Luann Shira, Dana Wright, Sue Sellers, Elaine Carlton, Jan Ford, Cindy White, Vickie Ponder, Lisa Howard, Cheryl Lewis, Tracy Asher, Kyle Jackson, Keith Jackson, Steve Evans, Terry Mink, Allen Young, Paul Reynolds, Luke Reynolds and Director Lynn Mink.

Others making the trip were Mr. and Mrs. Delton Jackson, Mrs. Rex Reynolds, Mrs. Charles Evans, Mrs. Bill Shira, Mrs. Mink, Sheri and Gary Mink.

## Bridge Club Honors Life Master Here

The Hamlin Duplicate Bridge Club met Tuesday evening in a special meeting at which Mrs. Preston Morrow of Rotan was honored for achieving Life Master recently. The club recognized Mrs. Morrow with an engraved pen.

Winning first overall and also first North-South were Mrs. Reid Inglesbee and Gladys Crump, both of Abilene. Second place went to Jo Smith and Bob Preston, both of Abilene. Mrs. Preston Morrow of Rotan and Dale Lain won third place; and Mrs. Floyd Briscoe and Mrs. W. O. Wilbanks took fourth place.

East-West winners were Mrs. Carl Shoultz of Abilene and Mrs. B. F. Ware of Crane. Mrs. Ray Sonnenburg and Preston Morrow of Rotan won second while Kathy Parker and Jerry Crooker, both of Abilene, took third. Fourth place went to Helen Vidrine and Pate Willingham, both of Abilene.

## Carl Evans Gets Degree From NTSU
